

4) If a street light is out you can report it to BGE at 410-685-0123. You will need to give them the pole number. Each pole has a yellow four digit number located toward the top of the pole. You can also report it to our management company but in addition to the exact location of the light, please give the pole number. For future reference, use this sheet to write down the pole numbers closest to your home. Then tape this form to the inside of one of your kitchen cabinets. The next time the light is out, you can call right away and give accurate information.

For example: The three closest lights to houses on Eiderdown are:  
Pole # 6261 Located at the end of Eiderdown Ct in front of 6613 Eiderdown Ct  
Pole # 6281 Located on Darkstar Way at Eiderdown on side of 6511 Eiderdown  
Pole # 6260 Located at the end of Eiderdown Ct in front of 6500 Eiderdown Ct

5) Victory Management (410) 553-9500 or 443-249-0172. Each month, twelve dollars of your Worthington Mews HOA fee goes directly to the Open Space Association for upkeep of the pool, tennis court, open space fields and the strip of woods that separate the Town Homes from the Morris Hills community. Victory management is also the management company for Open Space. If you see problems with any of these areas (i.e. trash in the woods) please contact Victory management and request that the problem be addressed.

6) PARKING - Over the next month, North County Towing will be stepping up their removal of residents' cars from the visitor parking spaces. Visitor cars will also be towed in the event of snow and all alleys and spaces near the playground have posted signs that say ALL cars will be towed from the visitor spaces in the event of snow. Signs have been posted at both entrances to the community with North County Towing's contact information. Cars towed are taken to:
